Special Bulletin — March 21, 1951

UNIDENTIFIED CHILD

An unidentified child was found on Route 670 near Route 250 in Goochland County, Virginia, at 8:20 A. M., March 5, 1951. The child was found stuffed in a blue denim bag with only a small portion of the top of the head protruding. This child is described as a white, male, approximately 4 to 6 years old, probably 5 years old, 41 inches tall, weight 50 to 55 pounds, reddish blonde hair, fair complexion, has not been circumcised. Fingerprints are as follows:

Right Thumb-plain whorl, inner-tracing; Right Index-plain arch; Right Middle-ulnar loop, 5 to 6 count; Right Ring-plain whorl, outer-tracing; Right Little-ulnar loop, 16 to 18 count; Left Thumb-plain whorl, inner-tracing, questionable; Left Index-plain arch; Left Middle-ulnar loop, questionable count; Left Ring-ulnar loop, 9 to 12 count; Left Little-ulnar loop, 12 count.

The fingerprints, palm prints and footprints are on file in the Identification Division of the Federal Bureau of Investigation, Washington, D. C.

The body was badly decomposed and at the present time the cause of death has not been determined. However, there have been no signs of violence developed as yet.

The bag in which the child was found was a United States Army type barracks duffel bag, blue denim in color with a white cord. The bag was 23-3/4" deep and 26" wide. The letter and numbers "R 9700" are printed in the bottom of the bag.

Also in the bag was a raincoat. The raincoat was a woman's grey finish coat treated by the
